DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 23, 2006 has been entered.

Allowable Subject Matter

2. Claims 1-2, 4-7, 9, 11-12, 14-22, 24, and 26-31 are allowed.
3. The following is an examiner's statement of reasons for allowance:

With regard to Independent Claims 1, 11, and 27, the Applicant has sufficiently amended and commonly recited a lighting fixture including a support member with at least one cam lock tab for insertion within a masonry structure, as well as a sealed modular light assembly with a self-contained light source and a cam lock. The prior art of record fails to teach or suggest the combination of structural elements claimed herein, specifically the modular light assembly being removably mounted to and substantially covering the support member via the cam lock and the at least one cam lock tab being releasably engageable with one another by turning said modular light assembly relative to said support member, and all subsequent dependent claims are allowed.
